ILA

Directors' Day

Governance experts share their experience and best practices on the latest corporate governance hot topics. This is the leading event of the year for directors.

9th ILA Directors' Day

Monday 23rd November 2020 at the European Convention Center Luxembourg

This all afternoon conference will feature discussions of hot corporate governance topics, and will be followed by a networking cocktail.

As a side event during the conference, there will be an exhibition area where partner companies operating in the governance field will have the opportunity to present their services and products to participants.

Testimonials

"I congratulate ILA for the success of their Directors' Day. As a regulator I can only underline the importance of having truly independent directors on boards of supervised entities, this is an important part of good governance. We have a positive interaction with independent board members, and have seen them becoming more professional over recent years. ILA has played an important role in this process through a large series of specialised training programmes and certifications."

Claude Marx, Director General, CSSF - November 2019

"Once again, we were delighted to be a sponsor of the ILA Directors' Day. As always, everything was professionally managed and the European Convention Centre was an impressive new venue. Everyone in the ILA team ensures the planning and logistics are as stress-free as possible for a sponsor. Thank you all for a great event where we can catch up with so many current and potential new clients."
